

Virtual Lunch & Learn

Brought to You by M.A. Polce and Blackpoint

People Versus Tools:

The Advantage of MDR with Blackpoint Cyber

[Click Here to Register! >>>](#)

Tools Are Only As Effective as The People Who Manage Them.

M.A. Polce and Blackpoint invite you to learn about the advantages of partner-backed MDR engagements. Find out how adding an expert human layer can provide your team with the strategic collaboration necessary to create a modern cyber program for your organization.

WHEN

TUESDAY,
JULY 23, 2024
11:30 AM

What Attendees Can Expect to Learn

What "Partnership" Means in an MDR Engagement

Explore the unique benefits of an MDR engagement like Blackpoint's, providing **24/7 support, strategic collaboration, and a personalized experience.**

How Ransomware Actually Unfolds in an Environment

Understand the stages of the hacker timeline, lateral movement, and how **Blackpoint MDR's advantage** lies in early detection and containment of attacks.

Drawbacks of Budget Security Solutions

Discover the **hidden costs of budget MDR solutions** and the negative impact they can have on your overall security strategy.

The Differences Between Managed EDR & True MDR

See clearly how some MDR solutions are just enhanced versions of EDR tools, while **true MDR stands in a class of its own** for stopping advanced hacker tradecraft.
