Join us for a special screening of **Good Side of Bad**, followed by a Q&A with filmmakers, and mental health advocates.

The Good Side of Bad reveals humanity's dark places while illuminating the love, laughter, and light when you reconnect with those closest to you. The movie chronicles a young photographer who has a severe mental break, and her siblings come together to help her heal.

Be part of a powerful film screening and conversation that helps build greater understanding around schizophrenia and psychosis.
